

## News from Colony 47!

Welcome to our first ever Colony 47 Newsletter aimed at keeping you up to date with everything happening in our community.

In more recent news, we now have 10 young Tasmanian's housed with our rental support subsidy program and are helping them towards independent living. You can [read their stories](#) on our website. We also have new partners and sponsors, and lots coming up in the coming months that we can't wait to share with you. Thank you for joining our mailing list and for your contributions in time, kindness, donations and partnerships.

### Let's light up Tassie

At our 50<sup>th</sup> party, we launched our 'light up Tasmania' campaign where we announced a \$5M target to help build accommodation and support services in accessible places for young Tasmanians. Can you help us turn more lights on?

### Changing our name

As times change, so do words – which is why you may have heard we're looking to revitalise our brand. We want to be welcoming and accessible to everyone, from every walk of life and we welcome your input. Let us know what you think.

## Christmas is coming

We are in the full swing of Christmas as we prepare for our 41<sup>st</sup> Annual Community Christmas Lunch. This is a big event in our calendar and any donation, large or small, helps us to provide lunch, companionship and the season's true spirit to over 500 Tasmanians in the south of the state.

We're excited to be hosting a fully catered meal by **Flint Kitchen**, at our new venue: **In The Hanging Garden**.

Community generosity is what makes this much-loved event possible. There are multiple ways to get involved – please head online to learn more.

### Spread Christmas cheer
