

News from Colony 47!

WOW! Who can believe it's January already and we're into our second edition of the Colony 47 Newsletter.

December for us, was all about getting Christmas Lunch wrapped up. We worked with our new partners *In The Hanging Garden* and *Flint Kitchen* along with many businesses in the community to bring a delicious lunch and a very special day to over 550 Tasmanians. Our first ever 'Buy a plate' fundraising campaign raised over \$10K via our website and Facebook channels with a generous 97 individuals donating. Thank you to everyone here that helped!

We're focussed on 2024!

Our focus firmly remains on supporting young people to achieve their goals. We've recently put together our Agenda for Change that highlights how we hope to make a difference. We will need help and we'd love it if you can get involved, we're here to chat and see how we can help young Tasmanians.

Looking for more ways to help?

One thing we've been asked a bit since Christmas is how people can offer assistance all year.

We know it takes a village and we're grateful for the support we receive from many businesses and people within our community.

From large sponsorships to in-kind donations, we're happy to chat about any supports you have available or, we've listed some of the different ways you can get involved with us and those that need a hand. Every little bit goes a long way.

[Donate Now](#)

GIVIT is a smart way to connect people looking to give to others locally

Set up regular donations which no matter how small help make change

Leave a gift in your will that will help future generations of Tasmanians
